10:30 am

Conference Exhibits, Light Refreshments

11:00 am

Concurrent Technical Session 1

12:15 pm

Keynote Luncheon - John Englander

Oceanographer and consultant John Englander is a leading expert on sea level rise and its societal and financial impacts. He assists businesses and communities in understanding the risks as rising seas challenge us to adapt to a changing shoreline. His book, High Tide on Main Street clearly explains the science behind sea level rise, the impending devastating financial impacts and the "intelligent adaptation" that all businesses and coastal communities must consider today. He believes that along with the tremendous risks in the coming decades there will also be enormous economic opportunities that will allow us to thrive if we begin now to plan and adapt for a more resilient future.

Concurrent Technical Session 2

Conference Exhibits, Light Refreshments

**Plenary Session 2: Secrets to Superior Persuasive Communication
Chuck Roberts, President & CEO, Performance Management Group, LLC**

Effective flood hazard mitigation and risk communication is dependent on strong communication between agency representatives, local elected officials and residents. This interactive session will provide an overview of the importance of effective communication and tips to enhance communication skills.

Exhibitor Social Networking Event with Special Recognition of our Platinum and Gold Sponsors

Don't miss our social networking event! Unwind and enjoy premium food and beverages while you network, build relationships and compare notes with exhibitors, colleagues and fellow floodplain managers. Participate in our renowned "Exhibitor Door Prize Extravaganza" and take home some great prizes.
