

## 2017 MEMBERSHIP

**Mission:** The New Jersey Association for Floodplain Management (NJAFM) is dedicated to reducing loss of life and property damage resulting from floods and promoting sound floodplain management at all levels of government. NJAFM seeks to accomplish this goal through education, outreach, training and coordination of flood mitigation activities between state and federal governmental agencies, municipal officials, non-profit organizations, property owners and private sector professionals.

**Conference:** Our conferences have been a huge success and we plan to build on that success in 2017. The conference will continue to be the source of the most cutting edge developments in floodplain management.

**Benefits:** In addition to the conference, NJAFM plans to hold several educational seminars and training throughout the year and will proctor exams for floodplain managers wishing to participate in the Association of State Floodplain Managers (ASFPM) Certified Floodplain Manager Program (CFM Program). We will be continuing to offer scholarships to local officials. Also, by belonging to NJAFM, your voice on issues that matter to floodplain professionals is magnified. NJAFM was named the ASFPM State Chapter of the year for 2013.

**ASFPM:** NJAFM is the NJ State Chapter of the Association for State Floodplain Managers (ASFPM), headquartered in Madison, WI. ASFPM was founded in 1977 as the supporting organization of professionals involved in floodplain management, flood hazard mitigation, flood preparedness, and flood warning and recovery. ASFPM's mission is to mitigate the losses, costs and human suffering caused by flooding and to promote wise use of the natural and beneficial functions of floodplains. ASFPM is the premier voice in floodplain management practice and policy throughout the nation.
