

NJ-AWRA Flood Hazard Area Seminar

Wednesday April 26, 2017

8:30 am - 11:00 am

Duke Farms, 1112 Dukes Parkway West, Hillsborough NJ, 08844

[Registration](#) (free for members/ \$20 for non-members/ \$30 for non-members & includes membership for 2017)

The New Jersey Section of the American Water Resources Association is sponsoring a seminar on the Revised Flood Hazard Area Regulations that were adopted on June 20, 2016. The presentation will review the major policy changes that have been made to the regulations. In addition, engineering and environmental concepts and guidelines will be discussed that are necessary to comply with the rules. Some of the topics that will be discussed include an overview of regulated areas and activities, flood mapping, flood risk assessment, flood storage displacement, riparian zones, permit types, and engineering requirements. The seminar will be of interest to engineers, scientist, planners and policy makers that are involved in water resources, stormwater management and environmental permitting.

8:30 - 9:00 am Networking, Light Breakfast

9:00 - 11:00 am "Revised New Jersey Flood Hazard Area Regulations" by Vincent Mazzei, PE

Please note that this talk is eligible for 2 NJ-PE Credit self-reporting credits, and 2 AICP CM Credit self-reporting. We have also applied for CPWM_{credits}.
